Incident Reporting

If you are the victim or witness to a crime, you have the responsibility to report it immediately to the police. UCSF community members are encouraged to accurately and promptly report all crimes or suspicious activity to the UCSF Police Department, when the victim of a crime elects or is unable to make such a report. Students and employees who report crimes to UCSF PD may aid in averting crimes and in the apprehension of suspects, as well as in allowing UCSF PD to initiate a Timely Warning

(Crime Alert) notice and to include the information in the annual statistics disclosure. Most importantly, prompt reporting will assist the Police Department to maintain a safe and secure campus environment for all.

Confidential Reporting: All incidents reported to UCSF PD are considered confidential except information that is required by law to be released. For cases involving sexual assault and with the complainant's permission, UCSF PD can file a report on the details of the incident without revealing his or her identity. The purpose of a confidential report is to comply with the complainant's wish to keep the matter confidential, while taking steps to ensure the future safety of the complainant and others.

With such information, UCSF PD can keep an accurate record of the number of incidents involving students and staff, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the University community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution as part of UCSF's Clery Act obligations.

Annual Security Report and Annual Fire Safety Report

Please see the links below to the UCSF Annual Security Report and UCSF Annual Fire Safety Report, produced in compliance with the Jeanne Clery Act. The security report includes statistics for the previous three calendar years concerning reported crimes that occurred on campus, in certain off-campus buildings owned or controlled by UCSF, and on public property within, or immediately adjacent to and accessible from the campus. This report also includes institutional policies concerning campus security, alcohol and drug use, crime prevention, the reporting of crimes, timely warning of crimes, sexual and interpersonal violence, and personal safety at UCSF. The fire report includes UCSF's fire reporting statistics and policies.

These publications were produced in compliance with the Jeanne Clery Act, which requires colleges and universities receiving federal financial aid funding to disclose reported instances of criminal activity on their campuses. This legislation also states that a copy of these publications must be made available to all current and prospective students and employees.
