PEDIATRICS 110  Pediatric Core Clerkship (2-9 Units) Fall, Winter, Spring, Summer

Instructor(s): Sara M Buckelew
Prerequisite(s): Third-year standing.

Restrictions: UCSF medical students only.

Activities: Lecture, Seminar, Clinical, Fieldwork, Independent Study, Project, Web work, Workshop, Practical Experience, Special Projects

Students will develop a durable framework for evaluating the health of children in all settings: ambulatory (both wellness and common illnesses), inpatient and newborn nursery. Students are expected to be an integral part of each team and be responsible for evaluating pediatric patients - not only taking histories and performing physical exams, but challenging themselves to interpret these findings, create differential diagnoses, and formulate diagnostic and therapeutic plans.

Instructor(s): Erica Mariel Gastelum, Christian E Faulkenberry-Miranda
Prerequisite(s): Must have completed and passed Medicine 110 and Pediatrics 110

Restrictions: Must have completed and passed Medicine 110 and Pediatrics 110

Activities: Lecture, Seminar, Clinical, Fieldwork, Independent Study, Project, Web work, Workshop, Practical Experience, Special Projects, Lab skills, Lab science, Conference, Discussion

This course takes place at Community Regional Medical Center at UCSF Fresno on the Inpatient Pediatric Service. The patient population is primarily Medi-Cal patients, in a rural undeserved area. It provides the opportunity to develop and perfect skills in history-taking, physical examination, case write-ups, presentations, and procedures. Supervised problem-oriented learning/teaching environment fosters basic diagnostic and management skills.
