

# GRADUATE DIVISION

Visit program website. (<http://graduate.ucsf.edu>)

## Summary Description

The Graduate Division is the home of graduate education and postdoctoral training at UCSF. We offer 19 PhD programs in basic, translational, and social/population sciences; 12 master's degree programs; two professional doctorates; and four certificate programs. Over 1,000 postdoctoral scholars add to the robust research community on campus.

Graduate Division programs (p. 3) are housed within all four of the professional schools and Global Health Sciences at UCSF. The programs are almost all inter-disciplinary, creating a dynamic and synergistic atmosphere for research. Our award-winning faculty members deliver engaging courses and provide personalized mentorship for every student and postdoc.

Many of our graduate programs operate as interdisciplinary graduate groups. An **Interdisciplinary Graduate Group** is a graduate degree-granting program whose faculty members may come from multiple, different departments. Each graduate group is governed by one or more program directors together with an executive committee. Because they have no permanent faculty, membership in Interdisciplinary Graduate Groups is determined by the executive committees.

UCSF is among the top universities of its kind in the world and a key contributor to the Bay Area's well-deserved reputation as a hub of innovation, technology, and progressive influence. Our graduate students, postdocs, and faculty take advantage of year-round opportunities to learn from and engage with leaders and ground-breakers in the community.

Read more about what we do (<https://graduate.ucsf.edu/about/>).

## Admission Requirements and Application Process

- A minimum of a bachelor's degree (BA/BS) or the equivalent from an accredited institution is required. (Some programs or pathways may require a master's degree. Please check the program that you are interested in to confirm the application requirements.)
- To be eligible for admission, a student must have at least a 3.0 (B) grade point average.
- An applicant may apply to only one graduate program per application cycle/year.
- Unofficial transcripts may be submitted for review purposes only. Final official transcripts must be submitted upon matriculation if an offer of admission is made.
- Upon completion of the application and receipt of the non-refundable application fee (\$120 for US citizens and permanent residents, and \$140 for international applicants), or – alternatively – once a request for an application fee waiver (<https://graduate.ucsf.edu/application-fee-waivers/>) has been approved (U.S. citizens and permanent residents only), an admission file is established by the Graduate Division. All supporting documents, e.g., transcripts and letters of recommendation, are sent directly to the individual graduate programs. Applicants should be sure to read carefully the instructions in the online application for the program to which they are applying. Some programs may require additional documentation, and program contacts and mailing addresses differ. Graduate programs will retain

a copy of the official transcripts and will forward the originals to the Graduate Division Dean's Office.

- The Dean's Office requires all transcripts to be submitted by October of the matriculated year. Failure to submit required transcripts can result in a registration hold for subsequent terms.
- When an application is complete and the application fee has been paid or waived, the graduate program's admission committee makes a recommendation to the Graduate Division for admission or denial. Final authority to admit or deny admission resides with the dean of the Graduate Division. The dean will not admit a student without the concurrence of the faculty of a graduate program; however, the dean may deny admission even if acceptance is recommended by the committee.
- Once the graduate program and graduate dean have made their admission recommendations, the Graduate Division sends a notice to the applicant via Slate. Applicants may then log into their online application account to view their admission status. They will also be able to view or print an official Graduate Division letter of admission (or denial of admission), signed by the dean of the Graduate Division. If offered admission, applicants will also indicate their intention to accept or not accept admission via the online application system.
- All students are required to submit documentation of immunizations and complete a tuberculosis screening questionnaire. For more details on the requirements, visit the Student Mental Health and Wellbeing (<https://studentmentalhealth.ucsf.edu/services/immunization-tb-screening/>) website.
- Admission to an intercampus joint degree program requires approval by the deans and faculty of both campuses.
- The Graduate Division does not admit students to non-degree or unclassified status for the purpose of course work only. Students must apply for a specific degree.
- UCSF welcomes applications for admission from undocumented individuals, such as those who qualify under Deferred Action for Childhood Arrivals (<http://undocu.berkeley.edu/legal-support-overview/what-is-daca/>) (DACA) and/or AB540. Please visit the website of the UC Office of the President (<http://undoc.universityofcalifornia.edu/>) (UCOP) for more information.

## Policies on Leaves and Withdrawals

### Leaves of Absence/Honorable Withdrawal

The university may grant a student permission for **leave of absence** or **honorable withdrawal** if the student is in good standing but does not want to retain their class status.

If the student does not register, they must petition for either a leave of absence or a withdrawal. Otherwise, the student's status will lapse, and the Graduate Division will instruct the registrar to change the status to administrative withdrawal. A leave of absence may be granted for one academic year and is subject to approval by the student's graduate adviser and the dean of the Graduate Division. After one year has passed, the student must submit a request for an extended leave, which must be approved by the graduate adviser. Extensions are limited to no more than one additional academic year. No further extension can be granted. The student must return to registered status or forfeit their place in the program. Forfeiture occurs after the student's absence lapses after one year with no contact, at which point they will be administratively withdrawn.

Students are in good standing if they are not subject to academic notice or disqualification, professional disqualification, or disciplinary

disqualification. A student can petition for honorable withdrawal or leave of absence online in the student portal (<https://saa.ucsf.edu/studentportal/>). However, before starting the online process, the student should consult with their school or program, Student Mental Health and Wellbeing, and, if applicable, Student Financial Services and the International Students and Scholars Office to discuss their plans, as withdrawal and leave of absence may have consequences for academic plans, health insurance, employment, financial aid and loans, and any visa.

For a leave of absence, the student can select a readmission term at the time they request the leave of absence. It is encouraged to indicate the readmission term because, otherwise, a leave of absence may affect access to electronic systems (<https://registrar.ucsf.edu/registration/withdrawal/access/>). If the student does not know their readmission term, they should apply for readmission (<https://registrar.ucsf.edu/registration/readmission/>) once their quarter of return is certain.

Learn how withdrawal and leave of absence may affect access to electronic systems (<https://registrar.ucsf.edu/registration/withdrawal/access/>).

### Veterans

Some veterans may be eligible for special benefits upon readmission:

- The same enrollment status and academic standing in the same program into which they were previously admitted;
- Enrollment into classes in the next term beginning after the student applies for readmission;
- In the academic year of readmission, the same tuition and fee charges that the student would have been assessed if the student had not left UCSF for military service.

To be eligible for these benefits, veterans must:

- Write on their withdrawal petition that military service is the reason for the leave of absence;
- Not be absent for more than five years;
- Submit a petition for readmission and, upon submitting that petition, provide documentation of military service.

### Student Leaves Policy

Registered students appointed as Graduate Student Researchers (GSRs) (<https://ucnet.universityofcalifornia.edu/resources/employment-policies-contracts/bargaining-units/graduate-student-researchers/contract/>) and Academic Student Employees (ASEs) (<https://ucnet.universityofcalifornia.edu/resources/employment-policies-contracts/bargaining-units/academic-student-employees/contract/>) are covered by a collective bargaining agreement. GSRs and ASEs may be eligible for various paid and unpaid leaves, including military leave, short-term family-related leaves, long-term family-related leaves, bereavement, and jury duty.

ASEs and GSRs are eligible for eight weeks of paid leave for pregnancy disability, childbirth, and related medical conditions. ASEs and GSRs are also eligible for eight weeks of paid leave due to the ASE's/GSR's serious health condition, to care for a family member who has a serious health condition, or to care for and bond with a newborn child or an adopted/foster child.

Please consult the current contract for details.

## Readmission

A student on leave of absence must petition for readmission in order to register again as a graduate student. The petition for readmission is available online from the Office of the Registrar (<https://registrar.ucsf.edu/forms/>). Readmission requires the approval of the graduate adviser and the dean of the Graduate Division. A non-refundable \$40 fee is charged when the readmission form is filed. Students must observe the registrar's deadlines for filing a petition for readmission. For readmission, the following signatures of approval must be obtained in the following order:

1. Student Mental Health and Wellbeing
2. Director/graduate adviser (nursing students obtain signature of director of student affairs)
3. Dean of the Graduate Division

## Policy on Student Progress

**Please note:** The following policy, approved April 30, 2018, applies to all PhD and master's programs at UCSF.

### Criteria for satisfactory academic progress in PhD programs

#### Students in Year One

First-year students should meet with their graduate advisers once a quarter. Student progress is assessed at the end of the year on the basis of course grades and performance, rotation reports (for lab-based programs), and program-specific exams (for medical anthropology and sociology). Indicators of unsatisfactory progress include, but are not limited to, substandard work or unprofessional conduct in the lab/research environment (as reported by the PI), or failing grades in any courses (see list of examples below).

#### Students in Year Two

Second-year students should meet with the graduate adviser or lab PI once a quarter. Indicators of unsatisfactory progress in year two (as in year one) include, but are not limited to, substandard work or unprofessional conduct in the lab/research environment (as reported by the PI), failing grades in any courses (see list of examples below). In programs with qualifying exams taken by the end of year two, students are also evaluated on their progression toward, timely scheduling of, and then successful completion of the qualifying exam.

#### Students in Year Three and Beyond

In programs with qualifying exams taken in year three, students are evaluated on their progression toward, timely scheduling of, and then successful completion of the qualifying exam. Students in years three and beyond may also be considered to be making unsatisfactory progress according to any of the indicators listed below.

Students should form their dissertation committee in a timely manner. Not submitting the names of committee members to the program within 6 months of passing the qualifying exam will be considered an indicator of unsatisfactory progress, except in extraordinary circumstances. In lab-based programs, students are expected to schedule meetings with their dissertation committee at least once a year.

Students are expected to complete all degree requirements within normative time for their program.

**Unsatisfactory progress indicators may include, but are not limited to:**

- Falling below a 3.0 GPA
- Failing grades in any course
- Failure to find a lab after four rotations (for lab-based programs)
- Unsatisfactory work in the lab (rotation or thesis, as reported by the PI)
- Unprofessional conduct in the lab/research environment (rotation or thesis, as reported by the PI)
- Failing the qualifying exam the first time
- Failure to submit dissertation chapters in a timely fashion (for social science programs)
- Issues in academic misconduct and professionalism infractions

**Note:** Disciplinary problems and other infractions that fall within the scope of UCSF's Policy on Student Conduct and Discipline (<https://studentlife.ucsf.edu/student-conduct-and-discipline/>) will be referred for consideration by UCSF's director of student rights and responsibilities.

### Criteria for Satisfactory Academic Progress in Master's Programs

Students should meet with their advisers once a quarter. Student progress is assessed at the end of each quarter on the basis of course grades and performance in the program.

**Unsatisfactory progress indicators are determined by each individual program. These may include, but are not limited to:**

- Failing an exam
- Failing grades in any course
- Falling below a 3.0 GPA
- Failure to achieve milestones toward the capstone requirement (where applicable)
- Unsatisfactory work in the clinic (where applicable)
- Unprofessional conduct
- Issues in academic misconduct and professionalism infraction

**Note:** Disciplinary problems and other infractions that fall within the scope of UCSF's Policy on Student Conduct and Discipline (<https://studentlife.ucsf.edu/student-conduct-and-discipline/>) will be referred for consideration by UCSF's director of student rights and responsibilities.

### Process by which Failing Students will be Notified and Remediated

Students whose progress is unsatisfactory (according to one or more of the criteria listed above) will be notified and will meet with the adviser and the program director to develop an individualized remediation plan to address the deficiencies. The meeting results in a memorandum of understanding that clearly outlines specific steps and associated deadlines that the student must fulfill in order to receive a satisfactory report. The report is then signed by the following parties: the student, the primary adviser, and the program director. At this point, the report is filed in the student's academic file within the program, and a copy is sent to the associate dean for graduate programs.

Should the student be unable to fulfill the expectations according to the timeline outlined in the letter, the student will be subject to dismissal from the program. Depending on the student's standing in the program, PhD candidates may be allowed to leave with a terminal master's degree.

The process for in-depth review of a student's eligibility for dismissal will follow the UCSF Divisional Procedure for Student Grievance in Academic

Affairs, section 4.0 (<https://senate.ucsf.edu/appendix-VII/>), and will be conducted by the program's in-depth committee.

### Composition of the In-depth Review Committee, Should one be Necessary

Each program determines the composition of its in-depth review committee, which shall consist of at least three members. In most instances, it consists of faculty members on the executive committee.

### Conduct Dismissal

When a student is found in violation of University policies or campus regulations, any of the types of student disciplinary actions outlined in the Policy for Student Conduct and Discipline may be imposed (<https://studentlife.ucsf.edu/student-conduct-and-discipline/#Types%20of%20Student%20Disciplinary%20Action>). Any sanction imposed should be appropriate to the violation, taking into consideration the context and seriousness of the violation.

### Academic Dismissal

Dismissal for academic failures is at [senate.ucsf.edu/appendix-VII](https://senate.ucsf.edu/appendix-VII) (<https://senate.ucsf.edu/appendix-VII/>).

### Conduct

The entire Policy on Student Conduct and Discipline is publicly available on the UCSF Student Life web site at [studentlife.ucsf.edu/student-conduct-and-discipline](https://studentlife.ucsf.edu/student-conduct-and-discipline) (<https://studentlife.ucsf.edu/student-conduct-and-discipline/>).

### Doctoral

- Biochemistry and Molecular Biology (Tetrad) (PhD) (<https://catalog.ucsf.edu/programs/biochem-molec-bio-tetrad/>)
- Bioengineering (PhD) (<https://catalog.ucsf.edu/programs/bioengineering/>)
- Biological and Medical Informatics (PhD) (<https://catalog.ucsf.edu/programs/biological-medical-informatics/>)
- Biomedical Sciences (PhD) (<https://catalog.ucsf.edu/programs/biomedical-sciences/>)
- Biophysics (PhD) (<https://catalog.ucsf.edu/programs/biophysics/>)
- Cell Biology (Tetrad) (PhD) (<https://catalog.ucsf.edu/programs/cell-bio-tetrad/>)
- Chemistry and Chemical Biology (PhD) (<https://catalog.ucsf.edu/programs/chemistry-chemical-biology/>)
- Computational Precision Health (PhD) (<https://catalog.ucsf.edu/programs/computational-precision-health/>)
- Developmental and Stem Cell Biology (PhD) (<https://catalog.ucsf.edu/programs/dscb/>)
- Doctor of Physical Therapy (DPT) (<https://catalog.ucsf.edu/programs/physical-therapy-dpt/>)
- Epidemiology and Translational Science (PhD) (<https://catalog.ucsf.edu/programs/epidemiology-translational-science/>)
- Genetics (Tetrad) (PhD) (<https://catalog.ucsf.edu/programs/genetics-tetrad/>)
- Global Health Sciences (PhD) (<https://catalog.ucsf.edu/programs/global-health-sciences/>)
- History of Health Sciences (PhD) (<https://catalog.ucsf.edu/programs/history-health-sciences/>)

- Medical Anthropology (PhD) (<https://catalog.ucsf.edu/programs/medical-anthropology/>)
- Neuroscience (PhD) (<https://catalog.ucsf.edu/programs/neuroscience/>)
- Nursing (DNP) - Leadership (<https://catalog.ucsf.edu/programs/doctor-nursing-practice-dnp/>)
- Nursing (PhD) (<https://catalog.ucsf.edu/programs/phd-nursing/>)
- Nursing Practice (Post-BSN) (<https://catalog.ucsf.edu/programs/doctor-nursing-practice-post-bsn/>)
- Oral and Craniofacial Sciences (PhD) (<https://catalog.ucsf.edu/programs/oral-craniofacial-sciences-graduate/>)
- Pharmaceutical Sciences and Pharmacogenomics (PhD) (<https://catalog.ucsf.edu/programs/pharmaceutical-sciences-pharmacogenomics/>)
- Rehabilitation Science (PhD) (<https://catalog.ucsf.edu/programs/rehabilitation-science-phd/>)
- Sociology (PhD) (<https://catalog.ucsf.edu/programs/sociology/>)
- Interprofessional Health Post-Baccalaureate Certificate Program in Dentistry (<https://catalog.ucsf.edu/programs/interprofessional-health-postbac-dentistry/>)
- Interprofessional Health Post-Baccalaureate Certificate Program in Medicine (<https://catalog.ucsf.edu/programs/interprofessional-health-postbac-medicine/>)
- Interprofessional Health Post-Baccalaureate Certificate Program in Pharmacy (<https://catalog.ucsf.edu/programs/interprofessional-health-postbac-pharmacy/>)

## Master's

- Artificial Intelligence and Computational Drug Discovery and Development (MS) (<https://catalog.ucsf.edu/programs/ai-comp-drug-discovery-development/>)
- Biomedical Imaging (MS) (<https://catalog.ucsf.edu/programs/biomedical-imaging/>)
- Clinical and Epidemiological Research (MS) (<https://catalog.ucsf.edu/programs/clinical-epidemiological-research-ms/>)
- Genetic Counseling (MS) (<https://catalog.ucsf.edu/programs/genetic-counseling-ms/>)
- Global Health Sciences (MS) (<https://catalog.ucsf.edu/programs/global-health-sciences-ms/>)
- Health Data Science (MS) (<https://catalog.ucsf.edu/programs/health-data-sci-ms/>)
- Health Policy and Law (MS) (<https://catalog.ucsf.edu/programs/health-policy-and-law-ms/>)
- Healthcare Administration and Interprofessional Leadership (MS) (<https://catalog.ucsf.edu/programs/healthcare-administration-interprofessional-leadership-ms/>)
- History of Health Sciences (MA) (<https://catalog.ucsf.edu/programs/history-health-sciences-ma/>)
- Nursing (MS) (<https://catalog.ucsf.edu/programs/nursing-ms/>)
- Nursing Master's Entry Program (<https://catalog.ucsf.edu/programs/nursing-mepn/>)
- Oral and Craniofacial Sciences (MS) (<https://catalog.ucsf.edu/programs/oral-craniofacial-sciences-ms/>)
- Translational Medicine (MTM) (<https://catalog.ucsf.edu/programs/translational-medicine-mtm/>)

## Certificate

- Advanced Training in Clinical Research (Certificate) (<https://catalog.ucsf.edu/programs/atcr-certificate/>)
- Equity in Brain Health (Certificate) (<https://catalog.ucsf.edu/programs/equity-in-brain-health-certificate/>)
- Health Data Science (Certificate) (<https://catalog.ucsf.edu/programs/health-data-sci-certificate/>)
